# Salgs- og leveringsbetingelser

Medmindre der foreligger anden skriftlig aftale leverer

THORN LIGHTING AB  
BOX 305  
S-261 23 LANDSKRONA

(herefter kaldet sælger) alle leverancer på følgende vilkår uanset eventuelle modstående eller afvigende bestemmelser i den af køber afgivne ordre eller accept.

## 1. Tilbud, ordre og accept

Købers ordrer og bestillinger er kun bindende for sælger, når køber har modtaget skriftlig ordrebekræftelse.

Alle tilbud fra sælger er at forstå som opfordring til at afgive ordre og således ikke bindende for sælger, medmindre andet udtrykkeligt er angivet.

Hvor tilbud fra sælger er gjort bindende, bortfalder dette, såfremt accept ikke er kommet sælger i hænde inden 4 uger fra den dato, tilbuddet er afsendt fra sælger.

## 2. Sælgers ydelse

Sælgers ydelse omfatter kun de i ordrebekræftelsen specificerede dele og varer, og sælger forpligter sig til på de i nærværende vilkår stipulerede betingelser at levere materiel af sædvanlig god kvalitet i henseende til materialer og forarbejdning.

Alle tegninger, skitser, tekniske specifikationer m.v. forbliver sælgers ejendom og må ikke kopieres eller overlades tredjemand. Det leverede materiel må ej heller fremstilles, efterlignes eller overlades tredjemand med dette formål for øje.

## 3. Levering

Levering anses at have fundet sted ved varens overgivelse til køber eller overgivelse til fremmed fragtfører, medmindre andet er anført i ordrebekræftelsen.

Forsikring af købers risiko vedrørende transport tegnes kun af sælger, såfremt dette er skriftligt aftalt.

## 4. Pris

Prisen gælder ab fabrik eller lager og er ekskl. moms og andre afgifter. Bidrag og afgifter opkræves i henhold til branchens takster. Der tages forbehold for ændringer af tilbudspriser såvel før som efter accept under hensyn til ændringer af materialepriser, priser fra underleverandører, ændringer i offentlige afgifter, kursændringer, lønændringer og andet. Ændres leverancens art eller forøges sælgers omkostninger på anden måde som følge af forhold hos køber, tages der forbehold for regulering af den stipulerede pris. Ordre under 1.000,00 DKK. tillægges 100,00 DKK. i ekspeditionsgebyr.

Leveringer, som ikke er omfattet af afgivne bindende tilbud, sker til prisen på leveringsdagen.

## 5. Betalingsbetingelser

Betaling skal ske iht. den til enhver tid gældende betalingsaftale. Hvis ikke andet er aftalt, gælder Thorns standard betalingsbetingelser netto 30 dage.

Såfremt køber ikke overholder betalingsaftalen, har sælger krav på forrentning svarende til diskontoen +5 % af det skyldige beløb fra forfaldstid.

## 6. Leveringstid

Såfremt intet andet er aftalt, finder levering sted snarest muligt. I tilfælde, hvor leveringsuge er aftalt, er levering på den sidste hverdag i den stipulerede leveringsuge i enhver henseende at anse for rettidig levering.

Sælger kan kræve udskydelse af leveringstiden i følgende tilfælde:

- Ved forandring af ordren som kræves af køber
- Ved forsinkelse af leverancer eller arbejdsydelse som køberen selv udfører eller lader udføre
- I tilfælde af force majeure jfr. nærværende leveringsbetingelser punkt 13.
- I tilfælde af, at arbejdet med leverancen må standses eller bliver sinket ved offentligt pålæg.

I de ovennævnte punkter, a, b, og d forbeholder sælger sig tillige ret til regulering af den aftalte pris, således at dette fuldt ud dækker de hos sælger i denne anledning opståede omkostninger.

## 7. Returnering

Returnering af varer kan kun ske efter forudgående aftale og med returnummer påført leverancen. Godtgørelse sker til den fakturerede pris, hvis sælger enten ved fejlspejktion eller på grund af fabriktionsfejl er skyld i, at en returnering er nødvendig. I andre tilfælde skal returnering ske franko, i original emballage og returvarer skal være i uskadt stand, sælger påtager sig ikke ansvar for transportskader, der er påført varen ved returnering. Varer krediteres til den fakturerede pris fratrukket 10 %, dog altid minimum kr. 150,-. Ved returforsendelser skal fakturanummer, antal og armaturtype samt tildelt returnummer oplyses.

Returvarer sendes til:

Norddistribution  
c/o Thorn Lighting AB  
Korskindemark 5  
2670 Greve

Specielt fremstillede belysninger samt varianter af standardbelysninger eller andre belysninger, som ikke er standardprodukter i gældende prislister, krediteres ikke.

## 8. Afbestilling af varer

Køber har ret til at afbestille varer, som ikke er leveret. Ved afbestilling skal køber erstatte sælgers omkostninger, der er forbundet med den afbestilte vare, med mindre sælger kan få erstatning gennem salg til 3. part eller på anden måde.

## 9. Forsinkelse

Forsinkelse af leverancen væsentligt, og er sælger ikke berettiget til udskydelse af leveringstidspunktet, jvf. punkt 6, er køber ved skriftlig meddelelse til sælger berettiget til at hæve aftalen, såfremt forsinkelsen medfører væsentlige ulemper for ham. Gælder forsinkelsen kun en del af det solgte, kan køber alene hæve købet, for så vidt angår den pågældende del af materiellet. Gælder forsinkelsen materiel, der er tilvirket efter købers anvisninger eller specifikationer, eller er materiellet af en beskaffenhed, der normalt ikke lagerføres af sælger, kan aftalen alene hæves, hvis forsinkelsen medfører, at købers formål med købet vil blive væsentligt forfejlet.

Kan køber bevise, at forsinkelsen skyldes fejl eller forsømmelser fra sælgers side, samt at han er blevet påført et tab, som kunne påregnes som følge af forsinkelsen, har køber ret til erstatning for det tab, der derved er påført ham. Erstatningen kan dog ikke overstige et beløb på 1 % af den aftalte betaling for den forsinkede ydelse for hver fulde uge, forsinkelsen har været, og erstatningen kan maksimalt andrage 10 % af betalingen for den forsinkede ydelse.

Sælger påtager sig ikke herudover noget ansvar for forsinkelse eller følger heraf, ligesom der ikke tilkommer køber andre misligholdelsesbeføjelser.

## 10. Fordringshavermora

Unlader køber, efter leverings-tidspunktet er indtruffet, at afhente materiellet eller give ordre til forsendelse, er sælger berettiget til at oplagre og forsikre ydelsen for købers regning.

Unlader køberen trods skriftlig opfordring at afhente materiellet, er sælger også i tilfælde, hvor materiellet er fremstillet specielt efter købers anvisning eller specifikation berettiget til at sælge dette bedst muligt for købers regning.

## 11. Mangler

Sælgers mangelanvar gælder i 36 måneder, regnet fra det solgtes leveringstidspunkt. Sælgers mangelanvar har en udstrækning som nedenfor stipuleret.

Inden for den ovenfor nævnte periode forpligter sælger sig til at afhjælpe eventuelle mangler ved det leverede ved reparation eller omlevering efter sælgers valg. Sælgers ovenfor anførte afhjælpnings- eller omleveringsforpligtelse omfatter således alene arbejds løn og materialer, der er direkte forbundet med sælgers forpligtelse. Alle andre omkostninger der er forbundet med en opstået mangel, herunder transport, ventepenge, diæter, logi samt omkostninger ved blotlægning eller tilgængeliggørelse af defekte dele, er således sælger uvedkommende.

Sælgers forpligtelse til afhjælpning af mangler er betinget af, at køber beviser, at det leverede materiel er mangelfuldt, og herunder dokumenterer, at materiellet er opbevaret, installeret, anvendt og vedligeholdt korrekt og i overensstemmelse med de af sælger leverede forskrifter.

Sælgers forpligtelse bortfalder, såfremt der i forbindelse med det af sælger leverede materiel benyttes komponenter, der ikke er fremstillet eller godkendt af sælger. Herudover påtager sælger sig ikke yderligere ansvar for det leverede materiel, hvorfor køber ikke kan hæve købet, kræve forholdsmaessigt afslag eller erstatning eller tilbageholde købesummen helt eller delvis.

Sælger er kun ansvarlig for, at det leverede er tilstrækkeligt og/eller passende til løsning af købers opgaver i kapacitetsmæssig og anden henseende i det omfang, det er sælger, der har foretaget dimensioneringer m.v., og i det omfang køber dokumenterer, at de af køber til grund herfor givne oplysninger vedrørende købers krav er korrekte og fyldestående.

Sælger påtager sig under ingen omstændigheder ansvar for rådgivning, dimensionering og anden projektering foretaget af tredjemand. Sælgers ansvar for mangelfuld projektering o.lign. er begrænset til omlevering af sådan projektering

## 12. Produktansvar

Vedrørende sælgers produktansvar henvises til reglerne i lov om produktansvar.

Sælger er ikke ansvarlig for skader på personer eller forbrugerskader forårsaget af produkter, hvortil sælger har leveret delprodukter, medmindre det bevises, at defekter ved produktet skyldes sælgers udformning af halvfabrikata eller anvisninger givet af sælger.

Sælger er endvidere aldrig udenfor lov om produktansvar ansvarlig for erhvervstingskade, skader på fast ejendom eller løsøre som følge af produktskader, der kan henføres til produkter leveret af sælger.

I den udstrækning sælger måtte blive pålagt produktansvar overfor 3. mand, er køber forpligtet til at holde sælger skadesløs. Endvidere skal begge parter straks underrette den anden part herom, såfremt produktskader opstår eller krav om erstatning for sådanne skader rejses overfor en af parterne.

## 13. Ansvarsbegrænsning

Sælger er ikke ansvarlig for indirekte skader og tab såsom driftstab, tidstab, tabt avance eller andre lignende tab.

## 14. Reklamations- og undersøgelsespligt

Det påhviler køber senest ved modtagelsen at foretage en grundig undersøgelse af, om materiellet er kontraktmæssigt.

Køber er forpligtet til omgående at reklamere over mangler, der måtte konstateres ved en sådan undersøgelse, og køber kan ikke senere påberåbe sig mangler, der kunne konstateres ved en sådan undersøgelse. Køber kan heller ikke påberåbe sig mangler, hvis køber undlader at reklamere omgående over senere konstaterede mangler, som han ikke har konstateret eller burde have konstateret ved levering.

## 15. Force Majeure

Sælger er ansvarsfri for manglende eller forsinket opfyldelse af aftalen, som skyldes force majeure, krig, optøjer, borgerlige uroligheder, regeringsindgreb eller indgreb fra offentlige myndigheder, ildsvåde, strejke, lockout, eksport- og/eller importforbud, manglende eller mangelfulde leverancer fra underleverandører, mangel på arbejdskraft, brændsel, drivkraft eller nogen anden årsag, som ligger uden for sælger kontrol, og som kan forsinke eller hindre fabrikation og levering af det solgte.

Såfremt mangelfri eller rettidig levering hindres midlertidigt ved en eller flere af de ovennævnte omstændigheder, udskydes levering i et tidsrum svarende til hindringens varighed med tillæg af en efter omstændighederne rimelig periode til normalisering af forholdene. Levering til den således udskudte leveringstid anses i enhver henseende for rettidig.

Såfremt leveringshindringen kan påregnes at ville vedvare længere end 8 uger, skal såvel sælger som køber være berettiget til at annullere aftalen, uden at dette skal anses for misligholdelse.

## 16. Lovvalg og værneting

Enhver tvist eller uenighed imellem parterne til nærværende aftale, som ikke kan forliges i mindelighed, skal afgøres ved anvendelse af dansk ret. Sælger bestemmer efter eget valg, om tvisten skal afgøres ved voldgift eller ved forelæggelse for domstolene. Såfremt sælger vælger at sagen skal afgøres ved domstolene kan sælger vælge mellem samtlige kompetente domstole. I tilfælde, hvor sælger vælger, at en tvist skal løses ved voldgift, skal voldgiftsretten sammensættes af tre medlemmer, der alle udpeges af Præsidenten for Sø og Handelsretten. Et af disse medlemmer – formanden – skal opfylde betingelserne for at være dommer, hvorimod de to øvrige medlemmer skal være fagligt kvalificerede vedrørende tvistens genstand.
